Dear Games Workshop Events Team,

I'm writing to express my interest in the *Senior Event Manager – Pacific* role. With over 15 years of experience delivering high-impact events — from national conferences and sporting series to international games and digital activations — I'm excited by the opportunity to bring Warhammer events to life across Asia and Australia.

In my previous role as National Events Manager for a leading care provider, I delivered multi-state conferences and transitioned complex programs into hybrid and fully digital formats. I now work as a Digital Project Manager and Product Owner, leading end-to-end delivery of digital experiences for clients across government, non-profit, and commercial sectors. Throughout my career, I've also coordinated major sporting events, including the Open Water Swim Series for Swimming Australia and venue logistics at the 2010 Olympic and Paralympic Winter Games in Whistler.

I thrive in fast-paced, high-responsibility environments and enjoy the challenge of balancing big-picture goals with the small details that make events feel seamless and unforgettable. Whether I'm managing budgets and vendor partnerships, leading part-time teams on-site, or refining post-event performance, I bring calm focus, strong communication, and a solutions-first mindset to everything I do.

This role brings together many of the things I love — event delivery, community experience, and the opportunity to work with a passionate global team. I'd be proud to contribute to Games Workshop's events legacy and help shape new experiences that leave a lasting impression on fans.

Thank you for considering my application. I've attached my CV and would be glad to provide more details or connect for a conversation.

Warm regards,

Skye Harvey
